

Irregular Verb Chart: Past Tense and Past Participle Forms

Kevin M. Chevalier

Hi everyone, for your reference here is a table of irregular verbs which you will encounter in English. These are tricky (even for native speakers!) so I thought that it would be helpful to put them together for you.

The base form is the form of the verb found in the dictionary. It is the present tense form for the verb, but for the third person singular (**he, she, it**), **-s** or **-es** is added to form the present (with the exception of the irregular verbs “be, have, do”).
